

# Allianz Motorcycle Market Valuation

6 March 2023

Dear Valued Agents,

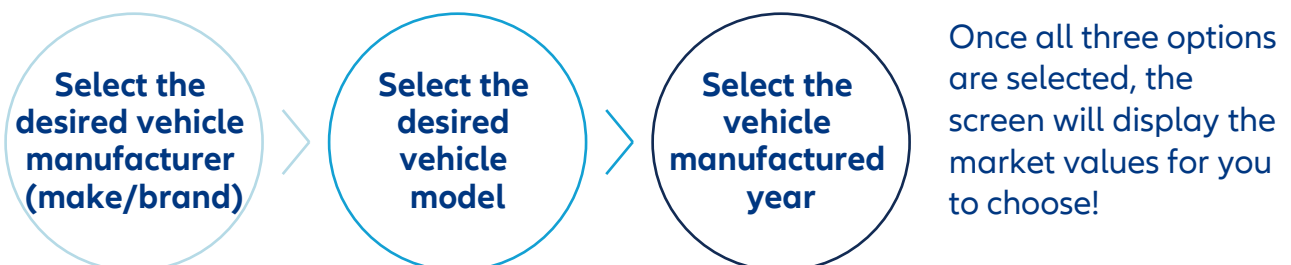

We have great news!

**We are pleased to share that effective tomorrow (7 March 2023), you can obtain market valuations for motorcycles directly via the Alpha System!**

Considering the rising inflation, with this new feature, not only will you **save time** in sourcing for the correct market value, but at the same time, you can **make sure that your customers are neither over nor underinsured**.

The steps to obtain the market valuation for Motorcycles are the same for Private Cars and Goods Carrying Vehicles.

## Steps to obtain the market value

It is also worth noting that the claim settlement will be on indemnity value and is subject to depreciation. Furthermore, underinsurance will not apply if the selection of market value is from the Alpha system.

This will also be a reliable point of reference that will enable us to reduce any disputes involving claim settlements in the future.

Should you have any further queries, please seek assistance from your servicing branch.

Thank you.

**Allianz General Insurance Company (Malaysia) Berhad**
